Tweed River High School
Innovation, Opportunity and Success

Core Values
- Teamwork
- Respect
- Excellence
- Opportunity
- Safety

Purpose
- Provide an innovative, safe learning environment which promotes excellence through opportunity, teamwork and respect

Vision
TRHS is recognised within our community for excellence in education, where:
- Students are willingly engaged in a wide range of innovative learning programs.
- Students value learning and achieve their personal best.
- Staff embrace innovative, quality teaching methods that focused on the needs of 21st century learners.
- Staff work cohesively in a highly professional manner to achieve the school purpose.
- Strong relationships enhance our links to the community and provide a sense of belonging for students, staff and community members.
- Success is recognised and celebrated by our school community.
- Students develop and are recognised for positive citizenship within the school and wider community.

President: Margaret Taylor
Meetings are normally held on the third Thursday of the month in Staff Common Room at 7pm.

Next meeting: CHRISTMAS DINNER
Wednesday 18th November
All welcome

UNIFORM SHOP
Open Every Tuesday & Thursday 8.00am – 11.00am
(Located next to the Canteen)

Co-ordinator - Kerry Lee
Congratulations on our T5 bake off win.

Two weeks ago, the T5 schools held their inaugural "bake off" competition.

The competition, held at Banora Point High School, involved two students from each of the T5 schools. All teams had to cook a selection of cupcakes and then choose a theme for decorating the cupcakes out of a hat.

Marshall Glossop and Lachlan Paez represented TRHS and randomly selected the "girls birthday" theme, which they found challenging as the only boys in the competition. However, the boys used their extensive creative skills and went on to win the competition.

Year 12 early offers of University acceptance.

Once again, our students have been the recipients of valuable University placements, prior to receiving their HSC results, as a result of our partnership with Southern Cross University (SCU).

This year SCU have offered 32 year students early entry into courses for 2016. These are:

Alaya Dion, Alice Howard, Ashley Gil Brayden Small, Caitlin Cochran, Callan Rodgers, Chelsea Wilson, Christopher Sorensen, Connor Hutchinson, Dylan Davies, Emily-Rose Russell, Emma Vaughan, Erin Hickey, Georgia Ekstrom, Harpreeet Kaur, Isaac Thiessen, Jackson Cullen, Jana Capper, Jayden Gadsby, Joel Schramm-Eyre, Katarnya Tuccori, Lachlan Mison, Liam Reston, Madison Wolfe, Max McGuire, Montana Purchase, Nicholettee Barlow, Nikaila Hartley, Ryan Chilton, Shahn Holloway Blacker, Travis Coleman, Zoe Boxsell.

I would like to congratulate these students and I expect to receive information regarding early entry offers through our partnership with Griffith University during the coming days.

It is wonderful to see another group of young men and women we have prepared going out into the world to make it.

Ms Leisa Conroy

It is a very busy time at Tweed River High School at the moment. Our teachers are to be commended for the additional assistance they provide to our students through enrichment opportunities and individualised guidance each and every day.

In recent weeks, Year 12 have completed their HSC examinations and Year 7 to Year 10 have undertaken formal examinations. Year 11 students have now commenced HSC study and the work they are completing in class will be examined in the HSC examinations in 2016. It is an important time for all year groups.

Term 4 has been a successful term at Tweed River High School so far. The school has an excellent reputation due to the dedication that students demonstrate to their own education, the school and its community.

Our HSC students have worked diligently on their HSC examinations throughout the past 3 weeks. They have been applauded by the BOSTES Supervisors for their focus and co-operation throughout the examination session. They have made the most of the opportunity they have had to put into practice all of the skills, experiences and qualities that they have honed over the past six years here at Tweed River High School. HSC results will be released by the NSW Board of Studies, Teaching and Educational Standards on Wednesday, 16 December 2015.

Year 11 commenced their HSC studies at the beginning of the term. In the first week of Term 4, students and parents attended a BOSTES and HSC information session. All students were given a copy of the Assessment policy and the overview assessment. Students are reminded that they should be talking with their teachers and checking the electronic calendar in Moodle regularly for any changes to assessment dates.

Year 10 students are participating in Portfolio interviews next week. This is an invaluable opportunity to showcase all of year 10’s hard work and achievements to date. This initiative provides students with a wonderfully engaging opportunity to present their work to a panel of students, teachers and community member’s simulating an employment interview. Students always enjoy participating in Portfolio Week and we look forward to viewing student presentations throughout the program.

Year 9 are fast approaching the midpoint of their Stage 5 studies and need to ensure that all of their assessment tasks are completed before the end of the year. Students in this cohort are studying under the Record of School Achievement (RoSA), which requires students to successfully complete their Stage 5 (both Years 9 and 10) studies before they qualify for this credential from the NSW Board of Studies, Teaching and Educational Standards. This is the time for Year 9 students to practise good habits by studying hard for their examinations ensuring they start next year with all assessment tasks from this year completed.

Year 7 are coming to the end of their first successful year of high school. They are to be congratulated for settling into the routines of high school and are working well as a group. This cohort will have an important role in modelling behaviour and expectations for those students currently in Year 6 who will be joining our school in 2016. Many will be looked to as role models, buddies and mentors for our Year 6 students, demonstrating true leadership qualities.

Tools for a Successful Life: Resilience

Resilience is the ability to bounce back from adversity. It is a necessary skill for coping with life's inevitable obstacles and one of the key ingredients to success. When we apply resilience through the positive psychology lens, the learning is not only to bounce back, but to bounce forward. Examples of challenges some young people may face where resiliency skills are essential:
Having resiliency skills minimises the effect that negative, stressful situations can have on a young person. These skills allow a young person to face challenges, learn from them and apply these skills towards living a healthy life.

**Practising Resilience**

1. **Emotional awareness and self-regulation**
   This is the ability to identify emotional experiences and control emotional response to external events. Resilient people are comfortable with their feelings and they express a broad array of emotions – happiness, joy, fear, sadness. Resilient people don’t get “stuck” in an emotion. Although they might feel sad or scared, they accept that this is a normal part of life and these feelings don’t prevent them from coping with the situation and moving forward.

2. **Impulse control**
   We all have impulses to do things and say things – these are not always in our best interest, nor helpful to others. To be resilient doesn’t mean to stop these impulses, but it does require you to stop acting on every impulse that does not serve you well. These skills of impulse control can be learned.

3. **Optimism**
   Learning the skills of optimism can help protect against depression and anxiety. Optimism involves learning to think positively about the future – even when things go wrong. It’s about looking objectively at a situation, making a conscious decision to focus on the good. Optimistic people are happier, more engaged, succeed more and are better problem solvers. Optimistic attitudes need to be realistic – it is shooting for the stars without losing sight of the ground (Reivich & Shatte 2002).

4. **Flexible and accurate thinking**
   To be resilient requires flexible and accurate thinking, seeing different perspectives. Someone who is resilient can come up with a variety of reasons for being successful in something (multiple factors). Flexible and accurate thinking allows multiple solutions to a problem, having Plan B and C is vital to resilience.

5. **Empathy**
   This is the ability to recognise another person’s feelings and respond accordingly and respectfully. Understanding another’s emotion in relation to that of your own. Empathy assists resilience through developing strong supportive relationships. Understanding other people’s feelings / emotions / experiences is particularly helpful when people are experiencing tough times.

6. **Self-efficacy**
   Having success in something and then using that as a personal reference point for ability, and working on that to bring further success, achievement and a belief in yourself. Always work on achieving your personal best.

7. **Connecting and reaching out**
   This involves placing importance in help-seeking behaviours through connections with other people. Having a range of friendship circles that reflect different areas of social need and making the effort to build and nurture friendships that move and change with time.

Developed from:

Until next time,
Mr B. Mackney Deputy Principal (Yrs 10-12)  Ms. K. Taylor Deputy Principal (Yrs 7-9)

**Thursday** - Lasagne $4.00

**Friday** - RED DAY – Fish n gems $4.50, gems $3.00, potato Scallops $1.00 (Healthy options available)

**Week 8**

**Monday** - Pasta with a tomato, herb and bacon sauce or veg $4.00

**Tuesday** - Bucket of wedges with salsa, sour cream and cheese $4.00

**Wednesday** – Meal deal – Burger & a poppa $5.00

**Thursday** - Burritos beef or beans $4.50

**Friday** - Butter chicken and rice $4.50
Far North Coast Beach Volleyball
On Friday of Week 4 we had the annual beach volleyball Far North Coast gala day at Clarke’s Beach in Byron Bay. Congratulations to the students who represented the school so well. None of our teams made the North Coast finals but it was a fun day had by all, as can be seen by the photos! Thank you to Mr Green for driving the bus and helping me umpire and score the student’s games!

Year 7/8 NSW Touch Championships
In Week 5 we had both our boys and girls Year 7/8 touch teams travel to Bathurst to play in the State Finals. As always, reports are that our students represented the school very well and dug deep. Please see Mr Swaddle’s report for more detail. Thank you to Mr Swaddle, Mr Winter and Mr Hayward for taking the students down and making this sporting opportunity happen.

Sport Choices Term 1 2016
During Weeks 7 to 10 students in Years 8 and 9 will be able to make a sport choice for Term 1 2016 on the school’s Moodle site. Information sheets will be handed out in Week 6 regarding this. Please ensure your child picks a sport that they can afford. Thank you.

Yours in Sport,
Ms J Alford
Sports Organiser 2015
Well it was one of the more eventful Touch trips we’ve been on and also one of the most fun ones as well. Our Year 7 and 8 Boys and Girls Touch teams travelled to Bathurst to compete in the NSW State Finals last week and as usual did the school proud. We didn’t make the finals but both teams played some great Touch and put up a good fight just missing out on the finals.

On the return journey is where the trip became interesting with cancelled flights, a trip to Sydney Harbour and Manly on the Ferry, hours sitting in airports and plenty of free food supplied by Jetstar.

I would like to commend all the students for their behaviour and positive outlook on the trip. When the chips were down they took it all in their stride and had some fun while doing it. I would also like to thank Mr Winter, Mr Hayward and Heidi Moloney for their support on the trip as we couldn’t have done it without them.

Thank you again to everyone involved. I myself had a great time and made many memories with the students that will last a lifetime……but please girls no more DOOF music!!!!
Year 10 Chemistry Excursion to Griffith University
On Monday the 2nd of November I had the pleasure of taking our second group of Year 10 students to Griffith University to partake in the 'Science on the Go!' Laboratory experience. This group consisted of students from 10S2 and 10S3, while 10S1 (ATP) had experienced this earlier in the year. The group conducted chemistry experiments using university equipment such as a spectrophotometer and performed an analysis of water samples for phosphorous and iron. They were also introduced into titrations, which is used in senior chemistry, through working out the concentration of total hardness in water. Students were given a tour of the campus and given plenty of information to think about regarding future careers. It was a successful day and it was great for the students with whom I had been teaching chemistry this year to experience what it was like to be a university student for the day!

Miss Alford
One of the great things about the English Faculty, indeed of Tweed River High School, is our commitment to providing enrichment opportunities to our students. These experiences compliment the curriculum in ways that can only be described as invaluable.

This week, our T.R.H.S debating students were given the opportunity to view the live-broadcast of the Premier’s Debating Challenge Year 9 and 10 Final. The debate was hosted at the William Wilkins Gallery, Bridge Street Sydney, and students from Killara High School and Sydney Boys High School debated the topic “Should weight loss programs be banned from TV?”

Our students were fortunate enough to view the debate using our school’s Video Conferencing equipment. Of course, this ‘virtual excursion’ would not have been successful had it not been for the wonderful organisational skills of Mrs Cunningham and our expert technology support within the school.

The live broadcast of the debate was made possible via our video conferencing equipment.

This time of year is always a busy one, with students finalising assessment tasks and staff busily marking and writing reports. We do ask that you help support the school by ensuring students continue to come to school prepared to learn with the correct equipment. Students across all years are currently studying in English:

- Year 7: Media and Language
- Year 8: Sustainability issues in non-fiction texts
- Year 9: Drama and Philosophy
- Year 10: Survival (non-fiction)
- Year 11: Discovery (Standard and Advanced)
  - Core Module – “We are Australian” (English Studies)

Thank you,
Mr L. Buchanan
HT English (Relieving)
SPORT DEVELOPMENT PROGRAM
CAMP 2015
Parties - Will You Allow Alcohol at Your Adolescent’s Party?

Many parents and carers will be helping young people in their family celebrate birthdays, special occasions, finishing their school year or leaving school. It is time for careful planning so that everyone enjoys themselves. Some parents may not be aware of their responsibilities in relation to supplying alcohol to under 18's.

Regardless of where the function will be held, it is against the law to obtain for, or supply alcohol to anyone under 18 years of age - even at private parties. This activity is called secondary supply of alcohol - an offence that carries a maximum penalty of $5,500 per offence or $11,000 and 12 months prison in very serious circumstances. On the spot fines of $550 can also be issued by police.

This information comes to you from the NSW Department of Liquor, Gaming and Racing.

**Points to consider:**

- What do you do if an underage guest arrives with alcohol?
- What do you do if they arrive intoxicated?
- What do you do if your alcohol has been consumed during the course of the party?
- How can you plan a successful party that addresses these issues?

It is much easier to plan and control what happens at your next party if you follow some simple guidelines. Here are some suggestions that can make a difference:

- Ideally RSVP invitations should be issued, giving as many details as possible about times of starting and finishing, the nature of the party, a dress code, how it will be supervised and how guests will return home. Indicate guests will be required to bring their invitation for party entry.
- On the invitation, suggest guest parents contact host parents to fine tune details and discuss any concerns. This will ensure parents are not pressured against their better judgement and gives everyone permission to talk about supervision, safety, alcohol and drug issues etc.
- Have only one entrance or exit to make it easier to control who attends your party.
- Guest lists should be kept to a manageable size. If guest numbers are large, ask other parents to assist with supervision or consider hiring security personnel.
- Host parents need to be aware of appropriate return transport for guests and/or provide overnight, supervised accommodation.
- Make it clear in advance it is an alcohol free party. (Parents are reminded of the NSW Office of Liquor, Gaming and Racing penalties cited earlier).
 Alcohol at parties is not easily supervised. Alcohol can easily be consumed in advance or mixed with soft drinks prior to the party. Alcohol may be left outside in cars or hidden in bushes. Although these problems can occur, they are less likely if the party is well supervised.

- Confiscate BYO alcohol from under 18s. Return it to their parents or carers.
- If guests are a mixture of under and over 18s, there is less control over the consumption of alcohol. A nominated adult should serve alcohol.
- Actively serve non-salty food throughout the party. This will slow down alcohol consumption for those who are drinking.
- Attractive non-alcoholic drinks should always be provided. For example, “Mocktails”, non-alcoholic punches, soft drinks, fruit juices, coffee, tea and of course, water.

- If under 18s consume alcohol or other drugs during the party, their parents should be contacted and asked to collect them. Parents should be advised of unacceptable behaviour.
- Be firm about excluding gate crashers. If admittance is by invitation only, gate crashers are less likely. Prior to the party, encourage students not to broadcast party details in the school community, via the Internet or mobile phone. If gate crashers arrive, ask them to leave immediately or tell them the police will be called.
- Parents should be present and provide active supervision throughout the party.
- If you are planning a large party, it may be a good idea to employ security guards.

Register your party with NSW Police
NSW Police have developed a range of strategies and an online Party Sign Up form which must be completed at least 72 hours before your party. Register your party at [https://www.mynite.com.au/register.php](https://www.mynite.com.au/register.php). This way local Police will know that you are having a party and can offer support. Have emergency numbers handy and call police before the situation gets out of control. Advise neighbours of your party as common courtesy.

Another useful website and resource to help you plan a successful party and avoid problems:
[http://www.youthsafe.org/services/socialising](http://www.youthsafe.org/services/socialising)

Whooping Cough Alert

NSW Health would like to provide information about whooping cough to parents and carers of children attending NSW schools and has provided text to cut and paste into your school’s newsletter or other appropriate communication tool. Refer to the attached information sheet.

[Whooping-Cough-Information-for-Schools-from-NSW-Health.docx](attachment:Whooping-Cough-Information-for-Schools-from-NSW-Health.docx)

**Whooping cough information**

There is an outbreak of whooping cough (pertussis) in NSW, mainly affecting school-aged children. Coughing spreads the infection to others nearby. Whooping cough can spread to anyone at home, including younger brothers and sisters. Whooping cough can be especially dangerous for babies.

Whooping cough starts like a cold and progresses to bouts of coughing that can last for many weeks. The infection can occur even in fully-vaccinated children. Older children may just have a cough that is persistent and may be worse at night.

- Children with these symptoms should see a doctor.
- If your doctor diagnoses whooping cough in your school-aged child, please let the school know and keep your child at home until they have taken 5 days of antibiotics. Keep coughing children away from babies.
- Whooping cough vaccines give good protection against infection but immunity fades with time. Check that all your children are up to date with their vaccines, due at 6 weeks, 4 months, 6 months, 4 years and 12 years of age (offered to all Year 7 students through the NSW school-based vaccination program). A booster is also recommended at 18 months of age.

A booster dose of vaccine is also recommended for adults that are in contact with young children, such as school staff and parents. Pregnant women are recommended to have a booster dose during each pregnancy and this is funded by NSW Health. Those who are new parents or carers of babies should consult their general practitioner about appropriate immunisation.

Your local public health unit can provide advice about whooping cough on 1300 066 055 or visit the NSW Health website for [information for childcare and schools about whooping cough](http://www.health.nsw.gov.au/healthtopics/whoopingcough.html)

Come and bring your friends
AUSTRALIAN DEFENCE FORCE CAREERS INFORMATION SESSION

Australia's Navy, Army and Air Force can give you experiences money can't buy – a career that not only improves you personally, but means doing something worthwhile for your country.

There really is something for almost everyone – from fully paid university degrees and graduate entry schemes, rewarding trade and technical careers, exciting combat roles, through to support and administration positions.

With more than 250 jobs on offer, with a multitude of entry avenues, there has never been a better time to find out more.

To learn more, attend an Australian Defence Force Careers Information Session.

When: Monday, 16 November 2015
Time: 6:00pm
Where: Defence Force Recruiting, Ground Floor, 14 Edgewater Court, Robina

To RSVP please call 13 19 01 or email captgoldcoast@dfr.com.au

ADF Health Careers Information Session

As a health professional, a career within the Australian Defence Force (ADF) means you'll get to apply your medical skills in unique circumstances. These include multinational peacekeeping and reconstruction interventions, critical incident recovery assistance, aero-medical evacuation, emergency response, disaster relief and humanitarian assistance following natural or man-made events.

Right now the ADF are looking for undergraduates, graduates and general entry Medical, Dental, Nursing, Pharmaceutical, Radiography, Psychology and Environmental Health roles to fill a range of exciting health positions across the Navy, Army and Air Force.

To find out more, attend the ADF Health Careers Information Session.

When: Wednesday, 18 November 2015
Time: 6:00pm
Where: Defence Force Recruiting, Ground Floor, 14 Edgewater Court, Robina

To RSVP please call 13 19 01 or email captgoldcoast@dfr.com.au
Applications are now open online at www.RSLyouth.com.au

WHAT COULD YOU DO WITH $5,000?

Uplifted at middles of heritage families and Year 10 and 11 students from across Queensland, the RSL Youth Development Program provides assistance with the pursuit of sporting, academic and community projects. RSL Queensland Bondi and Bondi University are committed to having opportunities with youth and RSLs and are helping encourage them to make their dreams and further develop their skills.

Over 1,000 Queensland students have benefited from the RSL Youth Development Program since it began, and this year 200 more students will have the chance to share in over $500,000 worth of grants.

Applications close November 11
For more information or to apply visit www.RSLyouth.com.au

WHAT CAN YOU APPLY?
Applications are open to all Queensland school students and children of Defence families who are currently completing Year 10 or 11, and who have demonstrated success in one of the following categories:

- Academic Achievement (including in Arts, Music, Drama, Dance and Sport)
- Sporting Achievement
- Community Leadership and Civic Participation

Please note that applications are not open to teams or groups but team members are welcome to apply as an individual basis.

HOW TO APPLY
Applications are open from April 15 to November 11. Applications must be submitted online at www.RSLyouth.com.au. Students can only apply for one grant per year, and will need to complete the following requirements:

1. Full personal details
2. Selection of chosen category
3. Identification and evidence of achievements
4. A letter of support from an RSL or Defence member in Queensland
5. A reference letter from someone who can verify your achievements (for example, school principal, sports coach or community leader)
6. An essay about the importance of the RSL and ANZAC to Australia's youth.

Please visit www.RSLyouth.com.au for further assistance with the application process.

YOUTH DEVELOPMENT PROGRAM

Applications are now open online at www.RSLyouth.com.au

WHO CAN APPLY?
Applicants are open to all Queensland school students and children of Defence families who are currently completing Year 10 or 11, and who have demonstrated success in one of the following categories:

- Academic Achievement (including in Arts, Music, Drama, Dance and Sport)
- Sporting Achievement
- Community Leadership and Civic Participation

Please note that applications are not open to teams or groups but team members are welcome to apply as an individual basis.

WHAT WILL YOU RECEIVE?
Winners will receive grants of $2,000 and the top 10 per cent of students will receive greater recognition via a $5,000 grant. Recipients will also have an exclusive opportunity to apply for a scholarship, worth 50 per cent of tuition fees to study either a single or combined degree at Bondi University at the completion of high school.

“RSL’s Youth Development Program grant is being used to travel to the Australian Kite Cup for the Australian Kite Cup Team and to the Australian Surf Life Saving Titles, as well as support a new racing skis. I encourage other students to apply for the grant, strive for your goals and be proud to say what you want to achieve.”
Connor Buhk
2015 RSL VOP recipient, Sporting Category

FURTHER INFORMATION
If you have any questions about the RSL Youth Development Program please email info@rsl.org.au or call the Program Coordinator on 07 5535 1367.
